funding academic mobility

УНИВЕРЗИТЕТ  
У НОВОМ САДУ

## Sustainability possible through regular University activity:

### KA1 – ERASMUS+ bilateral agreements concerning mobility

- deadlines for project application toward national agencies: Jan/Febr 2020 (application possible only by holder of ECHE – University (IRO))
- outgoing mobilities - strategic approach concerning the initiation of bilateral agreements (bottom-up approach) by faculties
- incoming mobilities - initiation of bilateral agreements (bottom-up approach) by faculties according to University procedures

**NOTE:** no restrictions concerning the no. of incoming mobilities/internships. Still, they have to be limited to few subject areas.

**A MUST:** study programmes/modules delivered in English! (ECHE Charter)

UNS will start with the implementation of a newly selected KA 103 projects in the next semester –the issue of scholarships' taxation should be solved by then at national level.
