Project acronym:	ADA
Project full title:	Advanced Data Analytics in Business
Project No:	598829-EPP-1-2018-1-RS-EPPKA2-CBHE-JP
Funding scheme:	ERASMUS+
Project start date:	November 15, 2018
Project duration:	36 months

Abstract	This is report about distance learning organized by University of Tor Vergata for teachers in Serbia, engaged in study program Advanced Data Analytics in Business

Title of document:	Report on Training of Teachers at University of Tor Vergata
Work package:	WP 2: Preparations for implementation of new master program
Activity:	2.8 Training of Teachers
Last version date:	21/06/2020
File name:	2.8 Report on training of teachers UNITOV
Number of pages:	5
Dissemination level:	International

Courses and Participants

From April 20th until May 29th distance learning courses were organized by University Tor Vergata for teachers from Serbian universities on five courses related to data science and big data. 10 teachers have participated as trainees, from University of Novi Sad, University of Belgrade, and University of Kragujevac.

Distance learning was conducted on Microsoft Teams platform. Table 1 is showing the list of courses and trainees, and Table 2 contains Timetable of courses.
